Kalpulli Teocalli Ollin
Kalpulli Teocalli Ollin is the direct legacy of Casimira Rocha y Sánchez and her ancestors. We are dedicated to sharing this wisdom with respect and integrity to all whom seek it, regardless of race, creed or culture. "Luz is the East, it is the starting place for this Kalpulli and the work done together within our communities. It is also a statement about the medicine path we honor. All members and supporters of Kalpulli Teocalli Ollin walk in the light. This Kalpulli does not have a place for the "dark arts" or "brujeria." We are a group of men, women, and families who are affirming, reconnecting, and remembering the traditional ancestral methods in which people empower their own healing.

The Kalpulli provides curanderismo and traditional healing services to the community served by La Plazita Institute, and to the community at large.

The Kalpulli operates the Temazcal Ollin (Steam/Vapor House Bath of Energy), providing the community with monthly Sweat Baths in the Mezoamerican tradition. Private sessions are also available, call for more info.

The Kalpulli accepts a limited number of dedicated apprentices each year. The program includes instruction in traditional herbal remedies, limpias, operation of the temezcal and other traditional practices. Serious students interested in applying to the apprenticeship program may contact KalpulliTeocalliOllin@gmail.com

For more information about the Kalpulli Teocalli Ollin, or the temezcal schedule, see the website:
